

## ELIMINATE STRESS DURING THE DIFFICULT WEANING PERIOD

*The FutureCow® Calf Ball™ is designed to enrich and exercise young calves. Witness the calming effect the Calf Ball has on your calves when they are most anxious.*

### EASE CALVES INTO ADULTHOOD

The Calf Ball is intended to help prevent conventional weaning distress with a safer alternative to typical coping behavior that:

- Reduces suckling among each other by providing alternative contact
- Lessens vocalizations by providing added comfort
- Promotes healthy social interaction among each other
- Creates a more enriching environment during their formative age
- Minimizes the rubbing on stalls, barns, and equipment

### SERENITY FOR YOUR CALVES

FutureCow believes introducing enrichment tools at an early age can help grow your calves into more productive cows. By providing a comforting environment and removing them from stress related setbacks, your calves can reach optimal weight faster.

*Calves are your future. Provide them with the best coping tool to help eliminate stress and anxiety.*

## FUNCTIONAL & FUN

- Easily installed in any group housing environment.
- The easy-adjust chain allows the ball to grow with your calves.
- The soft, durable ball makes for a great stress reliever by providing stimulation to your calves.
- The arm allows enough room for the calf to freely play with the ball without any limitations.
- Eliminate the added stress that comes with weaning.

**Give your calves the Calf Ball today.**

# TAKE THE STRESS OUT OF WEANING

<b>Vinyl Ball</b>	<ul style="list-style-type: none"> <li>- Made with a single piece of extra strength vinyl</li> <li>- Double reinforced eye-hole for a sturdy hold</li> </ul>
<b>Adjustable Chain</b>	<ul style="list-style-type: none"> <li>- Powder coated for a longer lasting chain</li> <li>- Chain link for easy adjusting</li> <li>- Suitable for any type of install</li> </ul>
<b>Safety Latches</b>	<ul style="list-style-type: none"> <li>- Steel safety latches for a durable connection from ball to chain, and from chain to install surface</li> </ul>
<b>Optional Arm</b>	<ul style="list-style-type: none"> <li>- When there is no crossover beam to support the Calf Ball, the arm can be secured onto any post available in the group housing area</li> </ul>
<b>Exclusive to FutureCow</b>	<ul style="list-style-type: none"> <li>- Manufactured in the United States</li> <li>- Easy to clean and sanitize surface</li> </ul>

The FutureCow Calf Ball is a free swinging, easy to install device that allows your calves to occupy themselves while transitioning to group housing. The installation of the ball will help with suckling, bellowing, and rubbing on equipment. Adding the calf ball to your group housing will create a stress-free environment for your calves and a more productive cow for your future.

## THE FUTURECOW® GUARANTEE

At FutureCow, we realize that animal comfort is one of the main concerns for your dairy. Our Calf Ball provides necessary stress relief for your calves, guaranteed. The Calf Ball has a one-year unconditional warranty on the whole unit and a 30-day money back guarantee.

**Witness the FutureCow® difference.**
